

Molecular Simulation of Complex Fluids and Interfaces

Poster Presentation Guidelines

- Each presenter will be assigned a 4 ft (width) × 4.5 ft (height) board area for displaying the posters. Posters of A0 size are preferable.
- Board pins and tapes will be provided to the participants for mounting the posters.
- The posters should be mounted well in advance before the session, during lunch, or tea break.
- Appropriate formatting of text, images, tables and illustrations should be used such that the poster is easily readable by the attendees.
- All participants are expected to be present at the poster venue during the entire session.
- There will be 2 Best Poster Awards by Springer.
- The awardees will be given an opportunity to deliver a 10-minute oral presentation. Kindly check the symposium schedule for more details.
- All participants are requested to prepare a PPT alongside the poster, which will be useful for the oral presentation.
