

Comprehensive Examination of Ph.D Students

CE department stipulates that the Comprehensive Examination of a student can be scheduled only after the program committee has declared the student ready for the Comprehensive Examination.

Constitution of the Comprehensive Examination board will be as per the prevalent norms outlined in the PG Manual [Form-3 (SPGC)]. The role of DPGC in this regard will be deemed to have been fulfilled provided the Comprehensive Examination Board proposed by the thesis supervisor consists of **at least one** faculty member from the department in the area of specialization of the student in addition to the thesis supervisor and a brief justification for the selection of committee members is provided [Form-4 (DPGC)].

CE department stipulates that the comprehensive examination of all students must have a written component.

After the conclusion of the Comprehensive Examination, the Comprehensive Examination Board must file a report with SPGC [Form-5 (SPGC), appended]. A report must also be filed with the department [Form-6 (DPGC)] detailing the subjects tested and mode of the written examination (i.e., open book, closed book, take home, etc.).

List of Suggested Examiners for the Ph.D. Comprehensive Examination

Name of Student: _____ Roll No.: _____

Department/IDP: _____

Thesis Supervisor(s)*: _____
