Thankyou letter from Students

Thank you so much, Sir, for your help. I was really in need this crucial support. I was unsure about my taking online classes, as the internet connectivity in my hometown is very erratic, and mobile data is not convenient. I am grateful to the Institute for this timely support. I am glad that I was selected for this support. Thank you once again.

Aditi Arya

I am thankful to IIT Kanpur as well as to my donor. I was planning to buy a new laptop and my dream came true through this campaign. It is indeed a great initiative to help students. Your support has inspired me to work harder, and I will definitely help IIT Kanpur as an alumni in future.

Monika Rathore

I am thankful to alumni who have contributed to make online education possible for every student during this pandemic. I assure you that I will help future batches of students in future by giving back to my Alma mater.

Thank You

Ankur Bajaj

Thank you for this support that you provided to all of us who were not able to learn online because of less data or slow internet in this pandemic and through this you truly made the difference . We are grateful to you.

Vivek Raj

190989

I am thankful to you for your generous support during this pandemic. It would have been quite difficult to continue my studies, especially my ongoing online classes without laptop and insufficient net balance. It is solely through your support, I would be now able to study. Once again, I am thankful for your support.

Prince Kumar Ahirwar

I sincerely would like to thank to all the Alums who have extended their helping hands to support us financially. Being helped by IITK and its Alums is a great honor for me, and I pledge to give it back in future. I will donate for such causes in future to ensure students like me don't face any problems in their studies.

Hope the IITK community keep thriving. Thankyou,

Jitin
