

Assignment 02

Please watch Lesson 2 and Tutorial 2 before attempting this assignment.

Part A

1. What are the benefits of cursive writing?
2. Write two new sentences in English, converting and rearranging them in the order of your mother tongue as it is done in the lesson. (Interpretation)
3. In the case of some sentences, after translating the pieces into the target language and rearranging in the right order, the sentence still does not fit right in the target language and a final round of adjustments is necessary.
From the examples in the lesson or on your own, give an example of such a sentence.
4. Is learning by translation a good idea? Explain in your own words.
5. With each of the following words picked up from the story “How to become a King” appearing in the tutorial, make a sentence of your own.
A. startle

- B. pierce
- C. gaze
- D. alleviate
- E. incessant
- F. attire

Part B

From the internet, find a passage (approximately 15-20 sentences) in English for ‘interpretation’.

At the top of your write-up, mention the title, author’s name, the URL from where you have taken the passage and the page number (if the passage is a part of a larger document).

Now, take the sentences in the passage one by one and translate them into Hindi (or Bengali, Oriya, Marathi, Gujarati, Punjabi, Telugu, Tamil, Malayalam, Kannada or Urdu) using ‘Interpretation’ process illustrated in Lesson 2.
