

Assignment 05

Please watch Lesson 5 and Tutorial 5 before attempting this assignment.

Part A

1. Notice that in “List 1” of twenty common verbs, the verb “come” has its *third* form the same as the *first*, and the verb “live” has its *third* form the same as the *second*. Similarly, write five verbs, other than those provided in that list, the *third* forms of which are either the same as the *first* or the *second* form.
2. From the words given in “make” word family, identify five verbs and construct five sentences in simple present using them.
3. Write five new words which belong to “tube” or “gene” word family, and generate valid English words if the trailing “e” is removed from them.

4. Words ‘apple’ and ‘sane’ belong to “make” word family as discussed in the lesson. Explain the difference of the sound patterns.
