

/Enquiry No.IITK/CHM/RR/12-13/28 Dated: 14/02/2013

Requirement: A set of 2-3 chiral HPLC columns for analysis

Quotations are requested from suppliers for the above item. Please send your quotations by 15th March 2013 in a sealed envelope to the undersigned.

Specifications:

1. Preferred dimensions – diameter: 4 to 5 mm, length: 250 mm, particle size 5 micron
2. Type of compounds to be separated – amines, amino alcohols, carbohydrate derivatives and amino acid derivatives
3. Preferred solvents – Hexane, isopropanol, acetonitrile, acetone, ethyl acetate, dichloromethane, ethanol

Details required:

1. Quote the prices for each column separately, so that we can place an order by choosing two to three columns that we prefer to have.
2. Provide all details about the columns including the packing materials used, type of compounds separable and the nature of solvents that can be used
3. Prices should be quoted in Indian rupees and as much as possible should include the cost of shipping to IIT Kanpur
4. Give a list of users, who are using the quoted columns in and around Kanpur (if possible)
